

Two types of Start Gate

- Inclusive cylinder
- Exclusive cylinder

Inclusive cylinder

Before TO

- 1 setup & save task route on GPS
(but do not activate)
- 2 activate goto to SG*
(so know distance from SG)

Once SG opens

- 1 ensure GPS makes a point inside
cylinder before you leave it
 - 2 activate task route
 - 3 navigate route*
- * always ensure navigating to correct next
waypoint on GPS

Exclusive cylinder

Before TO

- 1 set-up & save task route on GPS
- 2 activate task route
- 3 navigate route*

Once SG opens

- 1 ensure GPS makes a point outside
cylinder before you enter it
- * always ensure navigating to correct next
